

# NCR SelfServ™ 87

Exterior Through the Wall Cash Recycler

## Serve your customers better than ever before

Designed to offer your customers the best experience at an ATM, the SelfServ 87 has a modern look and feel with digitally inspired multi-touch display. The SelfServ 87 can handle the highest volumes of both cash dispense and deposit-based transactions thanks to the Bunch Recycling Module.

### Availability

Keep your ATMs up and running, offering your customers the transactions they want, when and where they need them. NCR's express recovery and self-healing technologies reduce downtime from hours to minutes—making your ATMs available around the clock.

### Consumer Experience

SelfServ 87 is a fusion of digitally-inspired design and the powerful Bunch Recycling Module from NCR. BRM can accept a market-leading bunch size for deposit and dispense of up to 300\*\* notes. Unique styling and design delivers the next generation of consumer ATM interactions.

### Security & Performance

The SelfServ 87 is designed with security at heart. Ask us about our multi-layered approach to ATM security including logical and physical solutions. The SelfServ 87 is designed for easy service. Now faster to service and faster to serve.
